RESEARCH INTERESTS

Reinforcement Learning, Deep Learning, Artificial Intelligence
Human-Computer Interaction, User-Personalization, Recommendation System
Data Science, Cognitive Science

EDUCATION

- University of Tehran** Tehran, Iran
 - Master of Science - Control engineering; GPA: 3.53/4.0 (16.2/20)* *Sep. 2019 - Present*
 - Thesis title:* “**Dynamic Difficulty Adjustment** through Reinforcement Learning”
 - Thesis publication:* In Progress - Final phase (data gathering)
 - Courses:* Neural Networks, Pattern Recognition, System Identification, Principles of Cognitive Science, Massive data analysis and systems, Social networks, Nonlinear System Analysis
- Imam Khomeini International University** Qazvin, Iran
 - Bachelor of Science - Electrical Engineering (Telecommunication)* *Sep. 2014 - July 2019*

RESEARCH EXPERIENCE

- Research assistant as University of Tehran** Tehran, Iran
 - Advance Robotics and Intelligence Systems Laboratory* *Aug. 2020 - Present*
 - **Dynamic Difficulty Adjustment** through Reinforcement Learning in memory game:
 - Formulated a reinforcement learning problem that produces personalized memory tasks based on users' performance. The RL agent is trained in a simulated RL environment, then in the real world.
 - Defined a measure of difficulty for the visual-spatial-working-memory game.
 - Developed and implemented some algorithms which extract visual-spatial-working-memory features.
 - Implemented a visual-spatial-working-memory game capturing gameplay and gaze data with an eye tracker in Python.
 - Gathered data (In progress)
 - **ADHD Screening:** Recruited hand-eye coordination game to distinguish ADHD children from normal children

TEACHING MENTORING EXPERIENCE

- Teacher Assistant of Linear Control Course at University of Tehran** Tehran, Iran
 - Prepared quiz answers and graded quiz sheets.* *Sep. 2021 - Feb. 2021*
- Teacher and Student Advisor at High School (part-time)** Tehran, Iran
 - Taught complementary math and physics classes and held motivational counseling sessions.* *Sep. 2014 - May 2015*
- Python programming mentor** Tehran, Iran
 - Assisted several master's students in implementing and debugging their theses.* *Sep. 2019 - Des. 2019*
- University National Entrance Exam (Konkour) mentor** Tehran, Iran
 - Provided scheduling and time management advice to Konkour applicants.* *2019*

PROJECTS

- **Honey memory game:** Implemented a visual-spatial-working-memory game that stores gaze data as well as gameplay data. Tech: Pygame, eye tracker.
- **Control of a mountain car using reinforcement learning (Reinforcement Learning):** Implemented the actor-critic algorithm from scratch and compared with Stable-baselines3 benchmark. Tech: Python.
- **Analysis of Iran stock market data using MongoDB (Big Data):** Designed a pipeline for downloading and storing data, then preprocessing and analyzing it. Tech: Pymongo, MongoDB.
- **Analysis of Iran stock market data using Spark (Big Data):** Preprocessed and analyzed data with Pyspark in Google Collaboratory. Tech: Google Collaboratory, Pyspark (Spark Dataframe, Spark SQL, Spark RDD, Spark GraphX).
- **Inserting data into Cassandra (Big Data):** Designed appropriate tables to insert data into tables and queried data using cqlsh. Tech: Cassandra, cqlsh bash.

- **Generative Deep Learning (Deep Learning):** Trained a variational autoencoder (VAE) on MNIST dataset. Tech: Tensorflow, Google Collaboratory.
- **Generative Deep Learning (Deep Learning):** Trained DCGAN, CGAN and InfoGAN on Cifar10 dataset. Tech: Tensorflow, Google Collaboratory.
- **Real-Time clock implementation (Embedded systems):** Prototype and analysis of multiple RTC generator circuits.

SKILLS

- **Programming Languages:** Python, SQL, Matlab, HTML, CSS
- **Python Libraries:** Gym, Stable-baselines3, RLLib, Sklearn, TensorFlow, Keras, Pandas, Numpy, Matplotlib, Pyspark, Pymongo, Snap, NetworkX, igraph, pygame
- **Big data tools:** MongoDB, Cassandra, Elasticsearch, Pyspark, kafka
- **Tools:** GIT, LaTeX, Linux
- **Soft Skills:** Problem Solving, Hard Working, Communication, Team Work, Scheduling, Antipathy
- **Language:** English (proficient), Farsi(native)

HONORS AND AWARDS

- Ranked 31th among more than 20000 participants at the University National Entrance Exam (Konkour).
- 3rd rank out of 45 students in high school.

INTERESTS AND HOBBIES

Barbecue, Hiking, Camping, Jungle trekking, Picnic
 Swimming, Biking, Badminton, skating, workout
 Board game, Card game, Chess, Backgammon
 Programming, Podcast, movie, and series
